

Term 1 2021

Welcome to the Little School 2021 this planner will act as a foundation guide to inform families of some of the key events we plan for each year as part of our embedded philosophy of practices, including but not limited to staff development, health and safety, Quality Improvement, local, national and international community events and advocacy issues.

We invite and encourage all families, extended families and networks to have input into all stages of our educational program, preschool practices and philosophy development.

Parent, family and Community participation play a vital role in all aspects of a not-for-profit community-based preschool like the Little School. Through community and family participation we are better able to provide a holistic high-quality environment that remains viable and affordable to all stakeholders.

Parent and Community Participation is different for each family and all educators support families to contribute to the preschool in various ways. We value and encourage all levels of input into the preschool and greatly appreciate any and all input into our preschool family.

Management

General

Participation
Providing input
into the
programs

If you see an event that you would like to assist with throughout the year please contact Danae whom will assist you in providing a staff member to liaise with for the project.

Alternatively, if you would like something added to the events calendar please let us know so we can add this in and share your families interests, passions and important events.

Click on the event name or photo to be taken to a web search that explains what the event is about. Check out storypark planning for the current plan for each item or come and speak to an educator for more information.
